

Nut Enuff

2 Shifts

- 3 Rounds of Card collection. Each Round:
 - Fill Conveyor: 4/4/4/4/4/5 cards/player, plus one facedown.
 - All players start “in”. Repeat until only one player is “in”:
 - Players secretly bid how many cards they want from the LEFT of the belt.
 - Reveal bids: lowest wins and collects cards. Resolve ties using queue.
 - Winner may trade up to 1 newly collected card with another player (gifts allowed)
 - Winner places collected cards on Desk: they are now “out”.
 - Final “in” player collects the remaining cards.
- Packaging
 - Desk cards are assembled into Packages.
- Cleanup
 - Players must move cards from Desk to Floor until they have 3 or fewer cards on Desk.

Final Scoring

Players earn VP for Acorns on Desk and for Packages.

Players lose VP for cards on the floor as follows:

- First 3 cards on Floor: -1 VP each.
- Next 3 cards on Floor: -2 VP each.
- Any further cards on floor: -3 VP each.

E.g. Tim ends the game with 5 cards on the floor: he loses $1 + 1 + 1 + 2 + 2 = 7$ points.
