

Rounds

6 rounds of card collection, packaging and cleanup after rounds 2, 4, and 6.

Card collection

- Fill Conveyor: 4/4/4/4/45 cards/player ,+1. Only the first 10 are visible.
- All players start “in”. Repeat until only one player is “in”:
 - Players secretly bid how many cards they want from the front of the belt.
 - Reveal bids: lowest “wins” and collects cards. Resolve ties using the token queue
 - Card collected adds collected cards to Desk: they are now “out”.
 - Adjust so the next 10 cards are visible.
- The final “in” player collects the remaining cards.

Packaging

- Desk cards are assembled into Packages according to type and placed into the Package Row.
- Once per game you may assemble Trail mix: 4 or more cards of different types.

Cleanup

- Players move cards from Desk to Floor until they have 3 or fewer cards on Desk.

Final Scoring

Peanuts, Almonds, and Cashews: awards and penalties for most/least:

- **Most:** *no one has more.*
- **Fewest:** *everyone else has more.*
- *If both “Most” and “Fewest”, score “Most”.*

- VP for most/least Peanuts, Almonds, Cashews.
- Score VP for packages.
- Add VP for Acorns on Desk.
- Subtract VP for cards on the floor: first 2 cards -1 🏠 each, next 2 cards -2 🏠 each, each card after that -3 🏠
